

Consolidate Your Fueling and Maintenance with the Fleet Card Program that Gives You the Most Savings, Control, and Convenience.

The Qik-n-EZ Fleet Card is more than a charge card. It's the fleet management tool you've been looking for... the program that gives you the information you need for better control and savings. Our single card can replace your current fuel credit cards, offer greater flexibility and give you the tools to create policies to reduce unauthorized purchases.

COST CONTROL AND SAVINGS

When your drivers use the card, they must provide an **authorized driver ID number** plus the **vehicle's odometer reading**. Together with the information encoded in the card's magnetic stripe, we can tell you who bought what, where, when and for how much. We even tell you how well your vehicles are performing by reporting the cost per mile and miles per gallon.

With our **Exception Reporting** you'll also be able to quickly and easily identify purchases that are outside your policies, such as fueling on weekends or holidays or fill-ups with premium fuel.

ONLINE PURCHASE CONTROLS

Purchase Controls give you the online tools to help prevent unauthorized purchases. You decide how you want your cards to be used based on your unique vehicle and driver purchasing needs. If a transaction falls outside any of your limits, our system is designed to decline the transaction, subject to the limitations described online.

Purchase Alerts allow you to keep your drivers on schedule, while staying alert to possible problems. You'll receive an email when a transaction falls outside your purchase guidelines, so you can decide if any action is required.

Additional terms and fees may apply to some program features. Ask a sales representative for details.

SUPERIOR SERVICE

Online services make it easy for you to cancel lost or stolen cards immediately, pay your invoice, and save your reports in PDF format.

Friendly, trained representatives are also available - 24 hours a day, 7 days a week - to assist drivers and managers with questions.

YOUR SECURITY AND SAVINGS TOOL...

With our system, each vehicle is assigned a card and each driver is assigned a unique **identification number** - one cannot be used without the other. Drivers enter the current **odometer reading** of the vehicle at the time of purchase along with the identification number. With all this information captured electronically, we bring you the ultimate control in vehicle management.

Plus, you'll save money by cutting down on administrative expenses. Eliminate the time spent sorting through cash receipts and credit card slips. You get all this convenience, control and savings for a one-time setup fee of \$40.00 per account and, for each Universal card, a \$2.00 monthly card fee.

SECURITY - You know who buys what, where and when.

CONTROL - Reduce costs by managing fuel types.

EXCEPTIONS - Trouble spots are flagged, helping to prevent abuse.

CONVENIENCE - Easily track expenses by type.

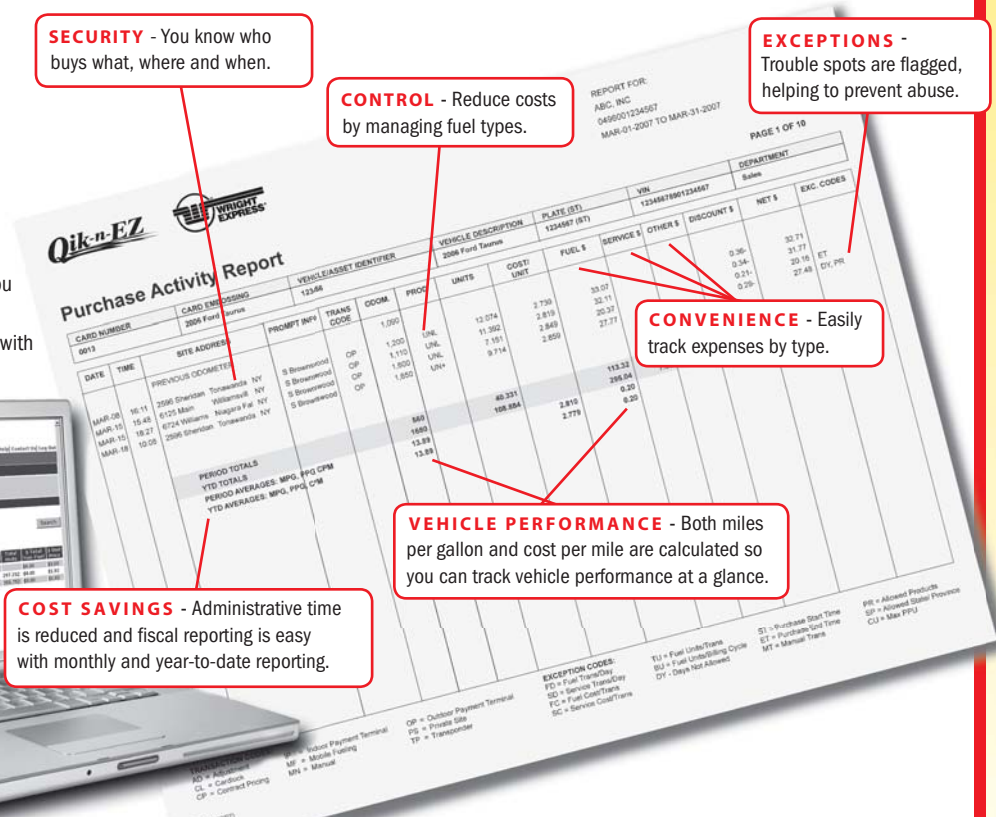

VEHICLE PERFORMANCE - Both miles per gallon and cost per mile are calculated so you can track vehicle performance at a glance.

COST SAVINGS - Administrative time is reduced and fiscal reporting is easy with monthly and year-to-date reporting.
